GOING OUT OF BUSINESS

A record smashing, value-giving final CLEARANCE of our ENTIRE STOCK of high grade, seasonable Merchandise.

Everything must be sold regardless of cost. A tremendous final close-out that surpasses anything ever attempted. If you value your money and appreciate savings you will buy now.

At last the people have awakened to the wonderful bargains to be had here and have crowded us since the sale's start, as no other store has ever been crowded.

Don't delay coming any longer as no merchandise will be replaced and the many bargains offered are on sale while they last.

To Stop a Cough Quick
take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.
A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.
The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.
Both remedies are packed in one carton and the cost of the combined treatment is 35c.
Just ask your druggist for HAYES' HEALING HONEY.

WITH THE DRILLERS.

The well of the Yancey Oil and Gas Company on the Nixon ranch is holding the attention of oil men this week. Fritz Fuchs, one of the big oil men of Central Texas, and who holds a big interest in the Yancey project, has spent the week here and is closely watching developments. This well, at a depth of 1,516 feet, struck a fine showing of oil. They are now busy casing off the water and it is reported a test will soon be made. The continued presence of Mr. Fuchs here has caused considerable speculation, and public interest is focussed on the Yancey territory.

The Taft-Tex Company, drilling on the Chico, is reorganizing, local people taking stock in the enterprise. The well drilled on the Jungman tract, being a very shallow proposition, affords several barrels of a very high grade oil daily, but indications are that the people want to sink to a greater depth, in the confident belief that a more prolific sand will be penetrated. During the reorganization period development work has temporarily ceased.

The Circle Oil Company well on the Bless farm has reached a depth of approximately 700 feet, and a new seven-inch casing has been set. The drill in this well has penetrated some thin oil sands, but all experienced oil men who have visited it are in high glee and predict a pay strike. A geologist, who visited this well a few days ago, remarked that indications looked mighty fine to him. This well is the closest to the town of all those drilling and progress is watched with keen interest.

R. Schwarz, the driller at the Ina Oil Company's well on the George Schmidt ranch, spent Sunday and Monday in town. His hair was a little whiter than heretofore. He drilled into a gas pocket one day last week and the water shot up over the casing. This well has reached a depth of approximately 500 feet, and indications are reported flattering.

We have heard nothing concerning the other wells where drilling operations are in progress.

BIG BLUNDER TO BAR PEDDY,
SAYS JOHN N. GARNER.

Congressman John N. Garner of Uvalde has joined, and openly at that, the growing ranks of those Democratic leaders who believe a serious mistake was made in not certifying the name of George E. B. Peddy as the Republican candidate for United States Senator. Mr. Garner says the people are not interested in technicalities of the law, but in an opportunity to decide the issue. His stand coincides with that of State Chairman Frank C. Davis and a whole host of others who believe somebody blundered and blundered big at Austin when it was decided to leave off Peddy's name from the official ballot.

Garner foresees possible complications at Washington as a result of the Senatorial disturbance, he told San Antonio Express correspondent at Uvalde yesterday. Mr. Garner said:

"If it is possible to do so, both Mayfield's and Peddy's names should go on the ticket. It was a mistake to try to keep either name off. If both names go on the ticket there is no doubt in my mind but what the Democratic nominee will be elected; but, whether the names are printed or written, Mayfield will be elected. However, there is a possibility of complications at Washington, and this should be avoided. With a possible contest in the Senate, and a Congressman-at-large applying for admittance to the house, with no chance of success, Texas would not occupy an enviable position at the capital of the Nation.

"All the Democratic party needs or wants is an opportunity to express its wish at the ballot box. Technicalities never appeal to the electorate—what they want is an opportunity to decide the issue."—Monday's Express.

Chef Tells Secret For New Bran Gems

Rene Anjard

THERE are ways of making bran gems, Rene Anjard, chef of the Waldorf-Astoria, New York, has a recipe all his own, which occupies a prominent place in the hotel's diet lists.

The Waldorf-Astoria, by the way, has a whole series of menus on scientific diet lists, and these bran gems can be found in almost every one of them. This is the way Monsieur Anjard makes his bran gems:

One and one-half cups of bran, one teaspoonful of baking soda, one tablespoonful of butter, three-fourths cup of sour cream or buttermilk, one-fourth cup of sugar. Mix together and bake in a hot oven for twenty minutes. This makes six gems.

At RICHTER HOTEL
Hondo, Texas

Just as the clarion notes of chancellors were heralding the approach of day last Friday morning Mr. and Mrs. D. W. Short reached home from Seguin where they had been on a visit to relatives and friends and incidentally to attend the Guadalupe county fair. Mr. Short is very enthusiastic over the fair and says it was one of the best exhibitions he has witnessed since the world's fair. He was particularly impressed with the fine horse display, a great many race horses being in evidence. The fair was a great success, some 8,000 spectators being on the ground when he left Thursday night. Splendid roads and good behavior of their car, which seemed anxious to get home, added much to the pleasure of their visit.

By an oversight of the proof reader, the names of two of the pall bearers at the funeral of the late Xavier Wantz were omitted from the published list. The list should have appeared as follows: Aug. Schuchle, Val. Nester, John Saathoff, Jacob Reinhart, Joe Britsch and Felix Batot, instead of as printed. We regret the mistake, but it is one of those unavoidable blunders with which the printing business seems to be cursed.

Millions Frost-proof Cabbage Plants, grown from Long Island seed. Flat Dutch, Charleston and Jersey Wakefield. Nice large, strong plants. I guarantee every plant I ship. HARTMAN'S SALE A BIG SUCCESS.

The sale at H. Hartman's that began Tuesday was not only the most out-standing sale event of the year, but it brought together, without the semblance of a doubt, the greatest collection of bargain seekers ever seen together in any store in Southwest Texas.

So immense was the crowd that the store had to be closed for two days on the morning of the first day of the sale, there being left not enough room for another person to get in.

The regular sales force was augmented by an extra force and the two together did nobly in taking care of their customers. Goods were shown, sold, wrapped, paid for and carried away with an immense rapidity, but even at that many people were forced to leave the store without being waited upon.

However, we are informed that conditions in the store now are in such shape that crowds similar to the first days will now be able to be handled with less turmoil and more order.

The country folks have at last awakened and are beginning to realize what wonderful bargains are to be had during this sale.

The sale continues, as will be noted by the front page advertisement of that firm. Read it for bargains and then get busy. Don't wait until some one else has beaten you to the bargain you want.

STAY FROM UNDER.

I live close to the small city of Grapeland, one of the best of its size in the State. In it is published one of the best country newspapers in the State. Being in very close touch with the country people, the Grapeland Messenger is stocked with a fair share of country sense.

For awhile, however, I became uneasy lest the Messenger, under the influence of Joe Taylor's dope in the Dal-Gal News, would acquire too much city "smartness," at the expense of its stock of country sense. But I guess it's all right.

I observe that latterly, the "smartness" of the complacent Optimisky of the bifurcated Newses is giving place more and more to the country wisdom of Bob Milner of the Rusk County News, of Henderson, Texas.

Mr. Optimisky's job is to hypnotize the country newspapers of Texas into following the lead of a journalistic influence, the promoters of which never drew a breath in sympathy with people who work in the day time and sleep at night.

Well, that's all right for the Messenger to stay from under the spell of a most sinister influence, camouflaged by a stall at sunny "smartness," but a good many Texas country newspapers appear to have trouble to "stay from under."

For instance, this influence has got my own county newspaper and gone with it. It has got so lately, that its complacency over "existing conditions" goes Mr. Optimisky several better and beats him mane and tail up.

It thinks the administration of the Federal Reserve System is good for everybody, and tells the farmers to their faces that if they are not having as good luck as they ought, it is their own fault. As long as the farmers pay for it and the town people advertise in it, it will continue of course to follow the lead of Mr. Optimisky.

And the town people will continue to advertise in it as long as the country people continue to subscribe for it. After all, if the farmers continue to subscribe for papers and elect people to office who give them dirt and then rub it in, maybe a lot of their trouble is their own fault.

In Jim Hoog's time, the city newspapers were against the people who work for a living, as they are today. But nearly all the country newspapers lined up on the side of the common people and their great Tribune.

Without the influence of the country press, Hogg never could have placed upon the statute books of Texas so much constructive legislation which no man would dare to attempt to remove.

But suppose another great Tribune of the common people should establish a storm center of RADICAL SAFETY in Texas, as against the present advancing wave of REACTIONARY, "CONSERVATIVE," UNSAFETY which, unless it is stemmed, will wreck our Government fundamentally sound, how would the country press line up?

I greatly fear there would be more like my county paper than Grapeland Messengers and Rusk County Newses. A saving phase, however, of the reactionary corruption of the country press, is the fact that in the dry rot conservatism upon which it is con-

ing to pride itself, it does not always represent the most substantial business element of its town.

By this I mean that the noisiest business bunch in the town is never or hardly ever the safest. Reminds that a year or two ago, I asked the boss banker of a big Texas town if its Chamber of Commerce fairly represented the business sentiment of the town. He gave me a quizzical look and replied: "Mr. Claridge, not to go any further, I am afraid it represents a clique among the business men of this town, and not the most substantial at that."

Closing these few remarks, I beg to advise that there really are such things as conservative unsafety and radical safety. In other words, that while Jim Hogg was a radical of radicals, same as I am, he never did any more than I would to harm a Government like ours, built from the bottom up; but which is coming to be administered from the top down. Yours, from the bottom up—Claridge.

MARKETING AGRICULTURAL PRODUCTS.

"Marketing Agricultural Products," a book of 31 chapters, by Benjamin H. Hibbard, of the University of Wisconsin Agricultural College, is a practical discussion of the problems of the farmer and the means that have been tried for meeting them. It gives a picture of the marketing problem as it appears to the farmer, and describes the methods by which marketing is actually done. It shows where trouble arises, and how farmers and organizations and agents have dealt with it, and what suggestions have been put forward for improving matters. The plan has been to cover the subject of marketing from the farm to the wholesale buyer, occasionally following transactions through to the consumer. This is essentially a book for the producing farmer. It tells in detail of the machinery by which he may handle the produce he has raised so that his business may be profitable. No serious attempt to improve matters in this field is overlooked. It offers a guide to practice and suggestions for further organization and improvement.

Officers and members of farm associations will find in this book an abundance of material which it is their special aim to study. Furthermore, they will find expert discussion of the work they have themselves been doing, where it has been successful, how it affects conditions in related fields, how similar work is prospering elsewhere. Everyone concerned with promoting sound business in the farming industry may read "Marketing Agricultural Products" with interest and profit.

Agricultural students may here study a subject of importance in their work. The material, arrangement and presentation in Professor Hibbard's book is exactly suited to their needs. Further reading and study is suggested in the references at the end of each chapter.

Individual farmers who are always faced with the problem of getting their goods to market at profitable rates, may benefit greatly by this thorough discussion of their situation. It tells the means they have at hand and the means they may themselves create to aid them in their

business. It drives home forcefully the advantages to be gained by intelligent co-operation, at the same time exposing the fallacies in all sorts of unsound and unsuccessful methods. The references after each chapter give the source and authority for many statements, and also indicate where further information on each topic may be found. The book sets forth all the underlying principles of agricultural marketing, and treats them all from the point of view of the farmer's actual needs.

The book is published by D. Apple-

ton & Co., 35 West 32nd Street, New York, and is sold for \$2.50 net or \$2.70 by mail.

COURTESY THE TEXAS OUTLOOK

MEDINA LAKE, NEAR HONDO AND SAN ANTONIO.

This lake is two miles wide and eighteen miles long—beautiful, clear, cool and a fine place to fish. There should be a hundred such lakes in Texas. Water conservation and flood control are related questions of vital importance to the entire State.

The Medina Lake, a view of which is reproduced above, is a pioneer enterprise in the conservation of flood waters in West Texas. From its waters sixty thousand acres of fertile lands are irrigated and a great variety of crops, including all kinds of garden vegetables, rice and staple farm crops, are grown in great profusion.

Like all pioneer enterprises, it has had many difficulties to battle with. But it does not require the eyes of a prophet to foresee its ultimate success and to see many more such enterprises dotting our fair land wherever nature, as in this instance, has provided a site for it.

IT PAYS TO RAISE GOOD HOGS.

After having sent some live hogs to market, Mr. Graff received the following self-explanatory letter from his commission man:

San Antonio, Texas, Oct. 4, 1922.
Mr. A. J. Graff,
Hondo, Texas.

Dear Sir:—We are sending herewith account sales and check covering the sale of yours and Mr. Frank Graff's consignments.

In this connection wish to state that the two pigs of five months age, as you stated, sold nearly at prices the best packer hogs brought. It goes to show that it pays to raise well bred hogs, as very few hogs bring that price of the same weight yours were. You are to be complimented for raising such high-grade hogs.

Thanking you for the favor, we are,
Very truly,

BRACE UP!

Do you feel old before your time? Is your back bent and stiff? Do you suffer urinary disorders? Don't despair—profit by Hondo experiences. Hondo people recommend Doan's Kidney Pills. Here's a Hondo resident's statement:

Mrs. P. H. Renken, tinsmith, says: "I have used Doan's Kidney Pills and they have been used by others in my family with the best or results. My kidneys were disordered and acted irregularly. I saw Doan's Kidney Pills advertised and started to use them. One box of Doan's entirely removed the trouble."

Always Gets Good Results.

The above statement was given May 29, 1915 and on May 5, 1919, Mrs. Rnkn said: "I am just as firm a believer in Doan's Kidney Pills now as when I previously endorsed them. I use Doan's when my back or kidneys bother me and they always cure the attacks."

GUM-DIPPED CORDS

Most Miles per Dollar

Everywhere You Hear It - Firestone Builds the Finest Cords

HARDLY a day goes by but some one goes out of his way to tell us that Firestone Gum-Dipped Cords are the best tires built.

Cords—as only Firestone builds them—will give you many extra thousands of miles of wear. And for fell and winter driving there's nothing like them. The strong, resilient Firestone carcass of gum-dipped cords, can stand the hardest punishment.

With the reputation Firestone Cords hold, it is not surprising that so many motorists in this community have made them standard equipment. The demand for Firestone Cords in the last few months has broken all records.

Prices were never so low as they are now. Perhaps never again can mileage be sold so cheaply.

Decide now that you will get Most Miles per Dollar. Drop in any time and let's talk tires.

UP AND DOING.
Are you taking part in the "Care-
ful Crossing" campaign? You have
seen the posters and when you looked
at the pictures of that motoring
party about to be struck by a fast
train, you have imagined something
of the horrors attendant upon such
disasters.
Maybe you will ask how you can
assist in impressing upon the public
the necessity of using greater cau-
tion at the railroad crossings. There
are several things you can do—all
of them quite simple and elementary
in character.
First of all, if you drive a car, you
can be an example of what a careful
driver should be. There are times
and places when haste is necessary
and commendable, but it is important
to remember that circumstances alter
cases.
You may be driving somewhere on
an errand that is pressing, but what-
ever the business may be, the need
of hurrying is only zero compared
with the safety of yourself and your
passengers at the railroad grade
crossings. Most times, when you
have to cross the track there is no
train near enough to make a hazard.
Vigilance is necessary—every time,
and the very occasion when you re-
lax your vigilance may prove fatal
to you. That is the way these cross-
ing casualties happen. Read the pa-
pers and inquire of the witnesses of
crossing catastrophes and you will
find that if there had been reasonable
care exercised by drivers, they would
have been alive today. Talk about
the posters and spread the news that
at last people of this country are
aroused and determined to make it
decidedly unfashionable to risk hu-
man lives at railroad crossings.
There are drivers, not a small num-
ber of them, who are adopting the
habit of stopping a safe distance back
from the track until the train passes.
This is a fine idea and often results
in saving the engineer a lot of worry
and anxiety. It takes but a minute
to stop and when you do stop and
look for approaching trains when you
are nearing a grade crossing, you are
doing so in the interest of your own
life and the lives of those who may
be riding with you in the car. Safety
first should always be applied when
approaching the grade crossing.
Cross Crossings Cautiously.
Play safe; it pays.

GROSSENBACHER-BIEDIGER WEDDING.

The marriage of Max H. Grossenbacher and Eleanor K. Biediger, daughter of Mrs. Rosa Biediger, was solemnized Wednesday morning at the Sacred Heart Catholic Church, Rev. Father Jacobi reading the ceremony.

The bride entered the church with her brother. She was beautifully gowned in white canton crepe and Spanish lace with court train of satin. The long tulle veil was arranged in Spanish comb effect with a wreath of orange blossoms. The bouquet was a shower of rosebuds and tube roses. The maid of honor and the bridesmaids wore dresses of pink organdie with a ribbon girdle. The ring bearer and flower girls also wore pink organdie, all carrying baskets with Queen's Crown and fern, tied with pink tulle. The bridal party entered the church in the following order:

Agnes Biediger and Jos. Lamor; Theresa Hans and Jos. Mueller; Marguerite Biediger and Herman Grossenbacher; Lucille Grossenbacher and the groom; Vivian Marie Rihn, ring bearer; Bernice A. Rihn and Agnes Grossenbacher, flower girls, and the bride with her brother, Jos. Biediger.

After the ceremony a reception was held at the home of the bride's mother at 2101 E. Houston Street, San Antonio, Texas.

Alfred Mumme and wife to Wm. Mumme, 87 1-2 acres, N. Pichot. \$1 and other considerations.

FROM THE BANDERA NEW ERA.

Indications are that an increased acreage will be planted in cotton in this county next year. We have heard many of our farmers announce their intention of growing that staple next season.

Capt. Chas. de Montel and A. V. Pue were in town Monday. Capt. Montel called to see us and ordered copies of the Pioneer History of Bandera County sent to Robert de Montel and Louis Scherrer at Castroville. He informs us that he will attend the Old Time Trail Drivers convention at San Antonio next Monday and Tuesday.

Fred Rodway, Federal Inspector for tick eradication work in this district, was here yesterday, accompanied by Mr. Williams, editor of the Cattle Crier department of the San Antonio Express. Mr. Rodway says he finds a great many ticks here yet, especially in the town area.

FROM UVALDE LEADER-NEWS.

Judge R. H. Burney, Judge L. J. Brucks and R. S. Taylor, Court stenographer, passed through Uvalde last Friday en route to their homes from Batesville where they had been holding court. District court in Zavala county was light, as usual. The grand jury was in session only two days and returned one bill. A Mexican was tried for stealing a yearling and found not guilty. The case against another Mexican charged with murder was continued.

Sol West is giving the goat business a trial and thinks it will pay good dividends. He has the range and it is adapted to goats. Recently he bought an additional 500 head. He has not sheared yet and thinks he will hold and see if the market goes to 75 cents, as he believes it may.

N. F. Watkins had a visitor at his home at 2 o'clock a. m. Tuesday and after a good deal of argument, finally shot the intruder dead. Nath said he did not want to kill him on the premises but did not know what else to do. The pole cat got into the screened porch some way and awakened the sleepers by trying to get out through the screening after running across the bed on which his boy was sleeping.

W. O. Victor of Uvalde left Tuesday for Dallas where he goes as the judge of the Bee Department at the fair. Mr. Victor is recognized over the South as one of the leaders in the bee business and Dallas did well to get him to act as judge. This makes two Uvalde men who are acting as judges there, Bob Davis being chosen to pass on the fine goats. This shows something of the resources of Uvalde county and the recognition given our citizens in those lines of business.

Another harvest season has rolled around, and the time for settling up annual accounts is here. In making your settlements do not forget the paper. It costs money to run a paper and printers must have money or, like other people, go hungry. Call at the office and settle your account or remit by letter. Do not wait for a statement—but a statement will be mailed you if desired. Remember, time flies and a neglected subscription account mounts up fast and if allowed to run too long will surprise you with its size. So please wait no longer but pay up now.

Yours in grateful anticipation of an early settlement.

LADY GOT SO WEAK COULD SCARCELY STAND

After Suffering From Many Female Troubles This Lady Heard of
Cardui and Took It, She Says, "Until I Was Well."

"SOME TIME AGO," says Mrs. Buena McFarland, of R. F. D. 2, Bostic, N. C., "I suffered a great deal with weakness common to women. I had bearing-down pains, my sides and back hurt, and my limbs drew. I would get so weak in my knees I could scarcely stand. I was very nervous, and could not rest. I didn't feel like eating. I grew thin, and did not have ambition for anything. I had been trying other remedies . . . but did not get any better. 'Some one told us of Cardui, and what it was recommended for. I also

took a Ladies Birthday Almanac and read of a case something like mine. I told my husband to get it and I would try it. 'I saw a great improvement after the first bottle (of Cardui), so I kept it up until I was well. Now I am the picture of health.' Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others. Cardui has stood the test of extensive use, for more than forty years, in the treatment of troubles common to women. Try it.

DEVINE NEWSLETS.

From The Devine News.

Lytle Gin Plant Burned Early Sunday.

The people of our neighboring town of Lytle were aroused at 2 a. m. Sunday by the cries of fire, only to see their big gin plant go up in flames and down in ashes. The gin plant was one of the best in this section, rebuilt some three or four years ago. A few bales of cotton also burned. The gin principally belonged to parties residing in Houston and we suppose was insured. Our Lytle correspondent will probably give us more of the particulars. Parties passing Sunday night reported the fire still smoldering in the ruins under the sheet iron roof and walls which fell in over the machinery.

Yancey Road West of Hondo Reviewed.

The commissioners' court spent one day this week reviewing the Yancey road west of Hondo bridge, and agreed upon straightening out the road so that it will run almost straight from the bridge on Hondo Creek to intersect the lane which now runs east from Yancey to the west line of the McAnelly estate, the road passing over a better road bed, via the old ranch house. The road is to be surveyed later and we are hopeful of getting a practically straight road at an early date.

Yancey To Have Fair Next Month.

Professors Patterson and Wilcox, Yancey teachers, were in Devine one day the past week in the interest of their community fair early in November. We will have more to say about it later.

New Furniture for Shook School Arrived.

A truck load of new furniture, blackboards, seats, tables, etc., for Shook school arrived Monday and was carried out to the school. Messrs. Griffin and Keller went to San Antonio Saturday and made the purchase.

Pearsall Fair Soon.

We have received announcement of second annual Frio county fair, which will be held in Pearsall October 18-21. A big free barbecue will be given on the first day and a big football game between Devine and Hondo is one of the attractions that will be Devine day.

School Board Says Go On New Auditorium.

At a meeting of the school board held Tuesday night, the building committee was authorized to close contract for work on building with Newman Bos. of Kennedy, and work will likely begin real soon on Devine's new \$12,000 school auditorium. 145,000 red brick are on the

ground ready for the work to begin.

Old Road Closed.

Commissioner Roberson asks us to say that the old Yancey road west of Zigzag is ordered closed to the general public. All persons should take notice that only the new road is opened through. By order of the Commissioners' Court. The new cut-off west of Hondo is ordered surveyed.

Prices of Farm Products on Upward Trend.

After the farm products have mostly passed from the hands of the producers here, prices are on the upward trend. The better grades of cotton are back to 20 cents and corn in ear at elevators is worth 55

cents. About 1,500 bales have reached town and a little less than 100 cars of corn. Mr. Keller of the Adams Company Elevator thinks the per cent of the corn is out. The total cotton crop this year will be under 2,000 bales, against 2,400 bales in 1921. Cotton so far sold this year has averaged close around 20 cents.
